

Curriculum Statement:

Statement of Intent

At Woodbury C of E Primary School, we recognise the importance of physical activity and we aim to provide a PE curriculum that pupils from Reception to Year 6 not only enjoy but one that also allows them to experience a range of activities that help them to develop their health, fitness and wellbeing. We intend to offer a high-quality physical education curriculum that inspires all pupils to succeed and excel in competitive sport and other physically-demanding activities. It provides opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect. We are fully committed to achieving to the aims of the national curriculum for physical education to ensure that all children:

- Develop competence to excel in a broad range of physical activities
- Are physically active for sustained periods of time
- Engage in competitive sports and activities
- Lead healthy, active lives

Statement of Implementation

Children are taught regularly by both teaching staff and a sports instructor from Reception to Year 6. The curriculum is further enhanced by participation in numerous sporting tournaments with other schools in the area and after school clubs. Our lunchtime supervisors are active sports leaders and offer a range of sporting activities for children to participate in at lunchtime. All children participate in at least 2 formal PE sessions each week and our approach to teaching and learning in PE ensures that:

- Pupils have fun and experience success
- Pupils have the opportunity to participate in P.E at their own level of development
- Lessons build upon the learning and skill development of the previous years, helping pupils to secure and build on a wide range of skills
- Pupils can understand and apply rules
- Pupils experience positive competition and develop good sporting attitudes
- Pupils experience activities which build character and help to embed values such as perseverance, fairness and respect
- Pupils learn in a safe environment and are confident in using a range of equipment
- Pupils have a foundation for lifelong physical activity
- Pupils understand the importance of daily physical activity for their physical and mental wellbeing
- Pupils are encouraged to use and reflect upon their BLP skills during PE lessons, ensuring that they learn crucial learning skills alongside sporting skills and knowledge

Statement of Impact

The approach to curriculum at Woodbury C of E Primary results in a fun, engaging, high-quality Physical Education, that provides children with the foundations needed for living healthy, active lives. P.E is taught as a basis for lifelong learning, where the children have access to a wide range of activities in the belief that if taught well and the children are allowed to succeed, then they will continue to have a physically active life. Our high-quality physical education curriculum inspires our children to succeed and excel in competitive sport and other physically-demanding activities. Pupil voice is used to further develop the PE curriculum, through questioning of pupil’s views and attitudes to PE and physical activity to support the children’s enjoyment and to motivate learners. Children love participating in PE lessons at Woodbury C of E Primary and relish the opportunity to take part in competitive activities. Assessments are undertaken at the beginning and end of each teaching unit (which use the skills below) and these demonstrate that children are improving in their PE skills, knowledge and understanding.

NC Objectives

Key Stage One

Pupils should develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations. Pupils should be taught to:

- master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities
- participate in team games, developing simple tactics for attacking and defending
- perform dances using simple movement patterns.

Key Stage Two

Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success. Pupils should be taught to:

- use running, jumping, throwing and catching in isolation and in combination
- play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending
- develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics]
- perform dances using a range of movement patterns
- take part in outdoor and adventurous activity challenges both individually and within a team
- compare their performances with previous ones and demonstrate improvement to achieve their personal best.
